## Show some ID

Before you open an account, it's a Government requirement that you complete an identification check. We need you to confirm your identity so that we can ensure your money is secure.

What we need from each applicant is 100 points of identification, made up of original documents like your Drivers Licence and Passport.

The table below shows you the valid types of ID documents you can use, and it breaks them up into the three categories: primary photographic, primary non-photographic and secondary documents.

Take a look at the ID Options below to get an idea of the combinations of documentation that you can use to make up your 100 points.

At least one of these documents must contain your current residential address.
